Striking antiqued oak beautifully finished in cinnamon

Foam-cushioned vinyl upholstery as soft and supple as leather used in gloves!

5-piece Suite **\$398⁰⁰** cash **NO MONEY DOWN**

Classic in the simplicity of its fine design—classic in the attractiveness of its solid oak. Lacquered in cinnamon finish . . . each coat rubbed to a deep, smooth luster that keeps its quality appearance for years. Made by master craftsmen . . . our finest reception room furniture.

Seating pieces upholstered in new Vinelle by Bolta® . . . the glove-soft vinyl fabric that flows into the kind of "comfort wrinkles" you expect to find only in the finest leathers. Stands up under the day-to-day scuffs and abuse likely to be given good furniture in a busy reception room. Whisk away soil and smudges in a matter of seconds with ordinary mild soap and water. And the zippered seat and back cushions are reversible for twice the wear.

Enjoy real comfort . . . seat cushions a full 5 in. thick on sofa, chair and 2 in. on decorator bench; back cushions 4 in. thick. All cushions are soft polyfoam, wrapped in super-soft Dacron® polyester fibers for extra comfort. Cushions stay firm . . . never get lumpy. Spring bases are of the best—resilient, firm, yet comfortable.

Table tops of high-pressure plastic . . . look like slate. Resist scratches, stains, even cigarette burns.

For seating pieces (A), (C) and (E), state upholstery color number 9 (avocado green), 2 (black), 27 (white), 6 (Spice brown), 10 (gold). See color swatches above, left.

Furnish your office in **COLOR...**

SEARS Color-coordinated Office

Our biggest selection ever...

Bright, colorful, attractive surroundings do wonders for the human spirit. In the office they stimulate efficiency and boost worker morale.

In these pages you'll find not only the most skillfully engineered and designed desks, tables, credenzas and accessories—you'll find an almost endless variety of color schemes, plus convertibility of units to specific and individual work needs.

Whether you're furnishing a single-room office or a multi-office building, Sears color-coordinated steel furniture can help you furnish tastefully and efficiently at reasonable, sensible cost.

Most steel desks, files, cabinets, tables, etc. are offered in 3 basic colors . . . mist green, tan and gray . . . are eye-appealing, pleasant to work around and a distinctive addition to any office. Chairs and accessory pieces are sold in other harmonizing hues.

See an entire office decorated with our coordinated furniture on the inside back cover . . . cabinets and files on pages 38, 39, 42, 43 . . . all other color-matched steel furniture on pages 18 to 24.

If you have special color requirements, write Sears Personal Service for information.

Desk-top Colors . . . choice of five

Contrasting desk-top colors provide a working surface having just enough contrast with work papers to be easy on eyes and to make day-long work less tiring. Tops available in 6(walnut); 27(white); 14(mist green); 24(tan); 12(gray)—blend or contrast with desk bases in mist green, gray or tan. Desks with choice of top color sold on page 19.

Tops constructed of high-pressure plastic . . . smooth, strong and handsome. Resist stains and scratches . . . even cigarette burns.

Office Chairs Custom-upholstered at factory

Tailored beautifully in high-style leather or Naugahyde vinyl that feel rich and soft—durable Gros-Point seats . . cool, comfortable.

A wide range of upholstery colors now make it possible for you to furnish your office in colors coordinated to give a pleasing over-all appearance.

Chairs carefully custom-upholstered at factory by expert craftsmen.

Chairs pictured above are but a sampling of the many styles, colors available for the executive and general office. See pages 16, 17 for upholstered wood chairs; pages 22, 23 for upholstered steel chairs.

Important Facts about Fabrics used on Sears Office Chair

Top-grain Leather . . the world's oldest upholstery material is equally at home in modern and traditional office settings. It adds interesting texture and gives the feeling of luxury, prestige and comfort.

Made from selected top-grain hides which have been slightly sanded to help remove natural hide blemishes. The natural grain texture of the hide toned with richness of color combine to make this leather an upholstery of enduring beauty. Adds charm and warmth to the office, conference room, or wherever distinctive seating is desired.

Easy to care for . . normal dusting and an occasional mild soap and damp cloth cleaning is all that is necessary. Never use oils, furniture polishes, ammonia. Buffing with soft cloth after cleaning will bring out its luster.

Naugahyde . . a tough vinyl that is luxurious in looks and lasts like leather. Chosen for its long-wearing abilities and easy maintenance. Resists scuffs and splitting . . always supple and pleasant to touch. Washes easily with soap and water.

The rich colors possess a luxurious quality of depth that adds charm and warmth to the office, reception room, conference room, or wherever distinctive seating is desired.

Gros-Point . . one of the most durable fabrics available . . used to cover the seats of our better office chairs. Woven of mohair and rayon . . the coolest and most comfortable materials to sit on. Perfect for all-day chairs used by executives, secretaries and general office workers.

Contemporary Rich-looking Walnut-veneer Desks..

From reception room to inner office, walnut reflects the tradition of quality. Among the preferred few of today's woods, it's distinguished by its narrow graining, favored for its rich, mellow brown colorings.

Here, tops, matching panels and sides are veneered in walnut. Fronts walnut-finish hardwood. Polished brass pulls on oak-interior drawers match leg ferrules. Banded-edge, five-ply tops are $1\frac{1}{4}$ in. thick.

Modular Units in striking narrow-grained walnut veneer

(1) Combination Unit \$ **289⁰⁰** cash NO MONEY DOWN

Graceful modern styling, richly finished materials and functional design lift these office units far above their modest price. The executive or general office is offered a happy blend of fine taste and practical convenience, suitable for dozens of office situations through special design of each piece. (See diagrams illustrated on opposite page.)

This handsome furniture has all exterior parts veneered in striking narrow-grained, quarter-striped walnut. High-grade lacquer finish protects wood that's been carefully rubbed to a lustrous satin finish. Drawer pedestal of all desks includes 1 box drawer with lock and 1 deep file drawer. File drawer mounted on metal suspension-type runners for easier filing. Also grooved to take legal or letter-size hanging-type folders. All desks 30 in. high. Polished brass drawer pulls and leg ferrules present striking contrast to dark wood.

Solidly built desks and combination units have heavy mortise and tenon joints. Frames of 1 $\frac{1}{4}$ -inch hardwood, 5-ply desk tops. Edges are smoothly rounded, snag free. Solid walnut legs. Desk drawer interiors plain oak. See Shipping Note below.

1 Combination Unit. Left pedestal shown. Executive consultation desk with 76x32-inch contour-style top plus 76x18-inch side unit joining desk on left. SHIPPING NOTE for page: All items shipped from factory warehouse near Evansville, Ind. by freight (rail or truck) or express.

Diagrams illustrate only a few of the many combinations that you can work out with this series. Desks are sold on opposite page, companion pieces sold below.

Companion Pieces for TOWER 400W Series

Reg. U.S. Pat. Off.

Design your own working area to fit your work needs . . your office space

Group two or more companion pieces together and get one matching top of narrow-grained walnut veneer

Whether your office is large or small . . old or new . . one room or more, this furniture is designed to give you perfect coordination of style and efficiency. With it, you can have desk and table tops, bookcases, drawers and accessory units fitted to your office space and needs.

What's more, this series makes it possible and practical for you to have the same rich, handsome look and efficiency in all your offices. For units in the same design can be grouped for executive, junior executive, secretarial and clerical offices.

You can create complete office-to-office harmony and have the advantages of custom-look groupings at moderate cost. Choose from the basic desk units (sold on opposite page) and add on any of the companion pieces sold at right. These companion pieces are sold without tops. Order one or more walnut-veneer tops to fit your own modular arrangement and space requirement. These companion pieces except (3) also sold on page 10 with tops included.

All cabinets and tops have the same rich, narrow-grained, genuine walnut veneers and polished brass drawer pulls and leg ferrules as desks sold on opposite page.

Put wasted space to work in shop, factory, office Expandable Steel Storage Racks

① 8-shelf Low as \$22.95 ② 5-shelf Low as \$9.29 ③ 4-shelf \$5.77

Rugged construction . . . most useful sizes
to suit every need and requirement

Worthwhile additions to any operation where neatness and organization of materials or merchandise will mean increased efficiency. They offer limitless storage possibilities to the office where records and supplies create a space problem. In the workshop or toolroom, they make it easy to get at stored parts, supplies and tools.

Ideal in the factory, warehouse or store for establishing desired traffic patterns or as room dividers when used free-standing or back-to-back. Fine, also, for locker room or home shop to keep unwanted clutter from detracting from appearance and order. They prove to be real space expanders in home use, too . . . just the thing for garage, basement, attic or utility room.

Sturdy steel racks give more strength, portability and permanence than wood . . . these, with a choice of gauge to suit your problem, are self-supporting on 4 posts, rigid back cross-bracing adds strength . . . prevents sway under heavy loads. Rolled edges mean no sharp corners to invite injury or damaged clothing. Shelves adjust up or down to hold any size package.

We offer a selection of 5 and 8-shelf racks to join together in continuous banks of space expanding units. Rack (1) has heavygauge steel shelves and bracing . . . supports greater loads. Rack (2) is mediumweight. Rack (3), available with 4 and 5 shelves, is lighter gauge. . . do not join together.

Handsome gray finish of baked-on enamel. Order extra shelves separately. Racks are shipped unassembled . . . set up fast with instructions included. See Shipping Note below. Order from table below.

10, 20 and 30-drawer Expandable Steel Cabinets

Stack them vertically or
horizontally in minutes . . .
just bolt or screw together

Need cabinet space that can grow with your business? Here's your answer. Singly, these cabinets are just under 3 feet high. You can start in a small way and end up covering a whole wall with cabinets if you choose, and with handsome results. The cabinets look as good together as alone, and the gray-enamel finish goes with any color scheme. Screws are included for putting the cabinets together in a jiffy. No special tools needed.

Drawers are the proper size for small parts, tools and papers including the large $8\frac{1}{2} \times 11$ -inch size. To make all contents easy to find, each drawer comes with an index card right in the handle pull. Drawers slide smoothly and stop before coming all the way out, to save you removing them accidentally and spilling contents. To remove a drawer completely, just release the built-in drawer stop. Each drawer measures a roomy $2\frac{3}{4} \times 11\frac{1}{2} \times 9\frac{3}{4}$ inches wide and is built of heavy-gauge steel.

The cabinets themselves are built of rugged furniture steel and electrically welded throughout for tremendous strength. Corners are smooth and snag-free . . . slick, hard finish resists scratches and burns. Drawers have heavy-duty pulls for repeated opening and closing. Order the larger cabinets to get a higher number of drawers for your cabinet dollar. See Shpg. Note below.

- 1 Thirty-drawer size. Size: $33\frac{3}{4} \times 38\frac{7}{16} \times 10$ in. deep.

 $60 \times 50 \times 32\frac{1}{4}$ in. 12 locker compartments.
F3 S 6259N—Wt. 331 lbs. \$16 mo. Cash \$226.80

SHIPPING NOTE for page: All items from factory, near York, Pa.; Aurora, Ill.; Boston, Mass.; Los Angeles, Calif. "N" items (as F3S6186N) sent freight (rail or truck) or express. Allow postage from M.O. house for items without "N".

Steel Work Benches

Rough and tough . . choice of 4 durable tops

1 Your toughest jobs are but a small challenge to these sturdy benches with all-steel frames. All benches below feature flared feet with steel base plates for added rigidity.

Handsome gray enamel finish. Choice of steel top; pressed wood top over steel; laminated hardwood top; or pressed wood over wood top. Choice of three lengths and two depths to fit your specific work requirements. All benches are 34 inches high. Laminated hardwood top and pressed wood over wood top are 1 3/4 inches thick. Sliding all-steel bench drawers sold at right. Benches shipped unassembled.

Steel Sliding Bench Drawers

2 Large Drawer. Multipurpose . . can be used with work benches (at left), or with tool stands, shop desks, tables, counters. Can even be bolted together easily to form free-standing units. Operate smoothly on ball bearing rollers within complete case. Both drawers below boast sliding drawer trays, automatic stops and handy attachment angles. Smart looking gray enamel finish. Big 21 3/4 x 20 x 6 3/4-inch over-all size.

F3 S 61812N—Shipping weight 28 pounds. \$14.15

3 Smaller Drawer. Like above, but 15 3/4 x 20 x 6 3/4-inch size. F3 S 61811N—Shipping weight 23 pounds. 12.95

4 Casters. Hard composition wheels . . 3 1/4-in. diameter with 1 1/8-in. tread. Steel plate supports bracket. Slotted holes . . use on 12, 14-gauge angles. 2 in package.

F3 S 61836—Swivel Casters. Wt. 5 lbs. . . . Pkg. \$5.50
F3 S 61837—Stationary Casters. Wt. 4 lbs. . . Pkg. 4.80

5 Gussets. For added strength at corners. 14-gauge gusset . . cold rolled steel, with heavy galvanized finish. Angle shape plate is bolted to both the upright and cross members for rigidity under the hardest working and storage conditions. 6x6-in. size. 12 in package.

F3 S 61838—Shpg. wt. 7 lbs. 2 oz. Pkg. \$3.60

6 Slotted Angle Cutter. Smooth single-stroke action. Efficient locating pin gives a clean cut through center of one angle hole. Lining up holes becomes a simple task.

F3 S 61842—Shpg. wt. 19 lbs. \$5 month. . . Cash \$32.15

7 Cleats. Save cutting on the job—precut cleats used for closing ends of slotted angle, making butt joints. 2 3/4 inches long . . used with 14-gauge angle. 12 in package.

F3 S 61839—Shpg. wt. 2 lbs. 4 oz. Pkg. 96c

As above, only 3 in. long for 12-gauge angle. F3 S 61841—Shpg. wt. 5 lbs. Pkg. \$1.68

Easy to get at
... every file is
at her finger tips

Rigidly Built Steel Shelf Files

**Increase space, save time
... keep files neat and orderly**

These shelf files provide more space than conventional filing cabinets of the same dimensions. A standard 6-shelf, letter-size unit gives you 64% more space per square foot than a four-drawer file (30% more than a 5-drawer file).

Save space . . aisles can be reduced to 30 in. because there are no drawers to pull out. Save filing time . . every file is immediately visible and easy to get at. Because each unit holds more, you save steps in walking from file to file. Each shelf has 2 adjustable dividers to aid in organizing. For dust-free storage, disappearing slide-back doors can be installed on any or every shelf.

Choose from 6-shelf letter (14 inches deep) or legal (17 inches deep) sizes, two and three-shelf letter sizes. Two and three-shelf units can be stacked to give the number of shelves you require. Sturdy, rigid construction . . completely welded for added strength. Units can be moved when fully loaded. Finished in durable, baked-on gray enamel.

Six-shelf Unit . . letter size

- ① Designed for all-round filing needs. Provides 59 clear filing inches per square foot. For doors, locks and stack-on units, see below. Unit measures 78 inches in height, 36 inches in width and 14 inches in depth. F3 S 61843N—Shipping weight 166 pounds. \$7 month Cash \$68.70

Legal-size Six-shelf Unit

- ② Same design and construction as the letter-size unit above except for depth. Unit is 78 in. high, 36 in. wide and 17 in. deep. Shelves may be fitted with disappearing doors. Available in 6-shelf model only. F3 S 61844N—Shipping weight 189 pounds. \$8 month Cash \$75.70

Letter-size Three-shelf Unit

- ③ Ideal as an office separator . . standard 42-inch counter height. Provides 29½ clear filing inches per square foot. Can be used with two-shelf unit for use as a five, seven or nine-shelf model. 42x36x14 inches. F3 S 61845N—Shipping weight 87 pounds. \$5 monthly Cash \$40.45

Letter-size Two-shelf Unit

- ④ Same construction as above units except does not have built-in base. Units may be stacked, with or without separate bases or may be used with three or six-shelf models. Unit measures 26½x36x14 inches. F3 S 61846N—Shipping weight 51 pounds. \$4 monthly Cash \$28.60
- ⑤ Base for above unit. Easily attached with bolts to make solid, one-piece section. 2½ inches high, 36 inches wide, 14 inches deep. F3 S 61847N—Shipping weight 6 pounds. \$5.25

Easy-to-install Doors, Locks

Keep your files clean and secure. Doors lift up from the bottom and slide back completely out of the way. Each door has a standard card holder for fast identification. Knockout on each door allows for installation of locks described below. Doors glide smoothly on styrene lined tracks that never require lubrication. One set of tracks is furnished with each door.

For standard 14 in. letter size.
Set of 2 doors. Shpg. wt. 19 lbs.
F3 S 61848N Set \$14.60
Set of 6 doors. Shpg. wt. 55 lbs.

Eliminate space waste with Expandable Steel Racks

Jiffy-quick to set up—shelves stay vise-tight . . no nuts, bolts, tools needed

Built to last! Rugged steel is stronger, more portable, lasts longer than wood. Many uses, too! Shelves quickly adjustable from front. All sections of the same depth may be joined together to form continuous rack. Gray-enamel finish.

Choice of open, closed or bin-type storage racks. Racks marked "r" (below) with reinforced shelves. Shipped unassembled. Instructions.

Open-shelf Storage Racks

One rack end included with each rack. Order 1 additional rack end to complete each rack. Or, join 2 or more racks together and order 1 additional rack end for each battery of racks. Rack (2) shown with 2 ends to illustrate completed rack; however, only 1 rack end is included.

Hang coats . . store personal belongings for 16 people

\$83⁷⁰ **NO MONEY DOWN**

Sixteen-person Locker Rack. Solve all coat-hanging problems with this large, space-saving unit. It gives economical storage for heavy coats and individual items belonging to as many as 16 persons (hangers not incl.). And it uses only approximately one-half square foot of floor space per person . . . stands against the wall.

Meant to serve where floor space is at a premium, locker rack benefits heavy-traffic areas like offices, halls, factories, dining rooms, churches, public centers.

Heavy use leaves no marks . . . like other lockers on this page, locker rack is superbly built of heavy, time-defying steel.

Protective coating of mar-resistant gray enamel finish makes the locker rack a handsome addition to open areas.

Locker doors and frames assembled at factory in 3 units. Consist of 2 upright sections with 6 doors each . . . also 1 center section with 4 doors. Door pull serves as padlock hasp . . . flat key locks can be added in pre-punched holes if desired, sold below.

Individual compartments measure 12x12x18 in. deep. Over-all dimensions of complete unit: 69 in. wide, 18 in. deep, 78 in. high. Number plates for locker openings sold below. Shipping weight 201 pounds.

16-person Locker Rack.

F3 S 61931N3—\$8.50 month..... Cash \$83.70

Flat Key Lock for above locker rack.

F3 S 6135—Shpg. wt. 2 oz. Each \$1.45

Number Plates for locker openings. No C.O.D.'s. State number wanted (max. 5 digits).

F3 S 6136F—Shpg. wt. 1 oz. Each 13c

Full-suspension Files . . .

Rugged . . our easiest-opening drawers . .

**Why TOWER
Grade "A" and
Commercial Files
give great value**

Heavy traffic of busy offices demands more than just a metal file shell with drawers that open and shut. Sears lab has tested these files under conditions that would not occur in even the busiest of offices.

Drawer Test . . each drawer held a 64-lb. load . . that's double a normal load. After being opened and closed 50,000 times the drawers still opened smoothly!

Frame supports drawers

Rigid frame construction on both Grade "A" and commercial files (sold on opposite page).

Get file strength that's more than skin deep . . strongest skeleton construction known. Six U-beam uprights electrically welded to horizontal slide cases . . supports fully loaded drawers. Cross-braced for added strength.

Grade "A" Full-suspension Files

Our strongest heavy-gauge steel . . our finest suspension system with 10 oversize ball bearings—28-inch deep drawers open and close smoothly at a finger's touch

Thumb latches keep drawers fully closed, dust-tight

4-drawer without lock . . . low as **\$77⁹⁵** cash
4-drawer with lock . . . low as **\$84⁹⁵** cash

NO MONEY DOWN

None finer for all filing needs. Full-suspension cradle lets drawers roll out to full depth. Last folder is as easy to reach as the first. Perfectly balanced . . won't sag even if overloaded. Rubber bumpers soak up drawer-opening shock . . save on rebound wear and tear. Full-length guide rods slip into special groove . . ends poking, saves time. Hardware of die-cast zinc with a brushed-chrome-plated finish. With locks or knock-out hole for installation later. Letter-size cabinets 14 $\frac{1}{2}$ in. wide; legal-size 17 $\frac{1}{2}$ in. wide. All cabinets 28 in. deep. Sent freight (rail or truck) or express from factory warehouse near Chicago, Ill.

In color on page 4. State color number 12 (gray), 14 (mist green), 24 (tan).

NO MONEY DOWN . . see page 82

built to support heaviest loads

proved by grueling laboratory tests

Sandbag Test . . to check for possible weak points a fully loaded file was tilted on end and a sandbag was sent smashing into its side. On inspection the drawers operated smoothly . . frame kept its shape.

Follower Blocks . . adjust at a finger's touch and automatically lock again when latch is released. Ultra-thin . . takes up only $\frac{3}{8}$ in. of valuable filing space.

Hardened Roller Bearings . . bearings in the drawer-suspension system are actually larger and harder than Federal Specification AA-F-00359a. They roll fewer times when a drawer is in use, and being harder, they give longer wear. (Grade "A" files only.)

Beautifully finished with extremely durable acrylic enamel . . highly resistant to chemicals, stains, mars, scratches.

TOWER Commercial-grade Full-suspension Files

Heavy-duty steel . . U-beam Frame supports drawer weight . .
10-bearing drawers support heavy loads . . 28 inches deep

4-drawer
without lock \$**64⁹⁵** NO MONEY
... low as cash DOWN

Take all-day, heavy-traffic filing . . year after year with heavy drawer loads. Great 28-inch depth keeps all related files together in one drawer. Full-suspension cradles with 10 bearings each make drawers glide smoothly, quiet as a whisper. Drawers glide out to expose even the very last file.

Rubber bumpers soak up drawer opening shock. Guide-rod finder ends poking, saves time. Drawer pulls of die-cast zinc with a brushed-chrome-plated finish. Letter-size 14 $\frac{1}{2}$ in. wide; legal-size 17 $\frac{1}{2}$ in. wide.

Shown in color on page 4. *State color number* 12 (gray), 14 (mist green), 24 (tan).

The mark of the modern office . . fire protection for all essential records

Standard tests for fire-insulated files
Conducted by Underwriters' Laboratories, Inc.

Records in file at left were lost in fire while those in file at right were fully protected in the fire-insulated file

Fire-endurance Test

Measures the degree of heat resistance of the file cabinet. As a result of this test, it is possible to classify file cabinet as to its ability to withstand the maximum potential fire intensity and heat. A file cabinet, loaded with papers, was placed in a furnace for one hour at 1700 degrees F.

Both class "C" and "D" files below withstood the test. The papers found inside were capable of ordinary handling without breaking and were readable.

Explosion-hazard Test

Determines whether or not a file cabinet will withstand sudden heating to high temperature without developing hydrogen-air-steam mixtures which might cause the rupture of the cabinet and impair its fire resistance. Files below withstood 2000 degrees F for 30 minutes.

Fire-impact Test

Used to determine whether or not the fire-resistance of a file cabinet would be impaired by its dropping, while hot, 2 or 3 stories into burning debris.

File cabinet was heated at 1550 degrees F for 30 minutes, then dropped 30 feet on rubble. After cooling, the file cabinet was heated again for another half hour at 1550 degrees F. Class "C" files below preserved contents throughout the test.

TOWER Fire-resistant Insulated Files

Give your valuables and records maximum protection . . each drawer an individual fire-resistant safe—protected on all sides with thick fire-wall insulation, extra-thick interlocking drawer fronts

Class "C" Files

4-drawer . . low as \$269.00 NO MONEY DOWN

Class "D" Files

4-drawer . . low as \$229.00 NO MONEY DOWN

No business organization can afford to take the risk of having its vital records destroyed or rendered unusable in the event of fire . . the loss of your records is too frequently fatal to the very life of your business.

Class "C" files preserved contents throughout the fire-endurance, explosion-hazard and fire-impact tests described above.

Class "D" files preserved contents throughout the fire-endurance and explosion-hazard tests.

Rugged construction . . one-piece, cast walls and partitions 2 in., reinforced with heavy steel wire mesh. Extra-thick drawer fronts, UL approved insulation. Finished in gray baked-on enamel. Drawers open and close on heavy ball-bearings. Follower blocks. Pickproof cylinder lock secures drawers, UL listed. Order class "C" and "D" files below.

Handsome Formica plastic-top Steel Cabinets

Beautiful furniture styling . . available in 3 styles to make it at home in office or in living room

Walnut-look Formica plastic is just as lovely as a veneer-topped table . . . easier care, more durable, too

Two-Letter-drawer Cabinet with vault

1 Lots of filing-storage space in a handsome beige cabinet accented by antiqued brass hardware, tapering wood legs with polished brass ferrules. Formica plastic top resists burns, scratches. Big $13\frac{1}{4} \times 12\frac{1}{4} \times 17\frac{1}{4}$ -inch storage compartment. Drawers glide smoothly on plastic bearing rollers . . have adjustable follower blocks.

Heavy-gauge reinforced steel vault, Yale combination lock. Magnetic catches are "hidden" behind door. $30 \times 29 \times 18$ inches deep. Shipping weight 80 pounds.

3 S 60362N—\$5.00 monthly. Cash \$49.95

Two-letter-drawer Cabinet

2 This Formica plastic-topped steel cabinet has the same fine construction as above. Together, they make an eye-pleasing and useful team. Letter drawer cabinet measures $14\frac{1}{2} \times 29\frac{1}{4} \times 18$ in., over-all.

Shipping weight 60 pounds.

3 S 60815N—\$4 monthly. Cash \$28.95

Sliding top Desk-Secretary

One piece for all your records, statements, policies; makes a handy desk, too!

3 Formica plastic-topped home secretary has same construction and finish as the 2 pieces shown above; plus the added feature of: walnut-look Formica plastic top slides forward to become a desk; exposes 24 hanging file folders—indexed for home use from A to Z. Storage space below for typewriter, books, etc.

Formica top resists scratches, burns and mars. As durable as it is lovely. Fits in easily with most decors. Measures 30 inches wide, $29\frac{1}{4}$ inches high and 18 inches deep. Top locks for security. Shipping weight 80 lbs.

3 S 60356N—\$5 monthly. Cash \$49.95

SHIPPING NOTE: All cabinets above sent freight (rail or truck) or express.

Store everything from records to supplies

Storage Units useful in either your office or your home . . made to take the clutter out of corners . . compact yet roomy

With 6 extra-large, 3 regular containers

It's almost impossible to replace accounts receivable and stocks lost by fire or theft. Personal wills, mortgages and jewelry are just as hard to replace. Tower safe protection costs little compared to the cost and difficulty of replacing lost valuables. A Tower safe plus adequate insurance is a wise investment in security.

Constructed of heavy-gauge, cold-rolled steel. Wall and door cavities filled with finest monolithic insulation. Set and change any combination on four-tumbler combination lock. No-peek dial face can be seen by operator only. Heavy-duty casters remove for flush installation.

Please state color number 12 (gray); 14 (mist green) or 24 (tan).

- A Large Office Safes.** 9x4-cu. ft. model has two adjustable shelves for records, roomy locker, 2 pigeon holes and 2 drawers (1 key-locking, 1 free). 7.9-cu. ft. model same except only 1 shelf. 6.0 and 4.3-cu. ft. models have 1 shelf, locker, 1 free drawer and pigeon hole.
- B Medium Office Safes.** Choice of 3.2 and 2.1-cu. ft. models with locker, free-sliding drawer and 2 pigeon holes. Roomy enough for most small businesses.
- C Compact Home Safe.** 1.5-cu. ft. capacity with roomy locker, free-sliding drawer and pigeon hole.
- D Double-door Office Safes** in 10 different sizes. All have 3 shelves, 2 adjustable. Four 3x5-in. pigeon holes. 1 compartment, two 3x5-in. drawers with lock and key.

Folding Conference Tables with Formica walnut-grained tops

2 Folding Conference Tables with rectangular tops. Grained to look like beautiful walnut, this lustrous table top is really tough Formica plastic. It's bonded to 3/4-inch selected plywood with plastic backing sheet on reverse side. Edges are built up to 1 1/4-inch thickness, finished in walnut-grained plastic. All metal parts match the tops in walnut-color enamel. V-type legs open in one easy motion, lock automatically. Leg braces are double-tier construction of 1 1/4-inch square tubular steel with adjustable rubber-cushion chrome-plated glides.

Steel Folding Chairs with wobble-free frames

1 All-steel Folding Chair. Steady and sturdy, this chair gives firm support, wards off wear. Beige enamel resists chipping. Like (2), but without upholstery. Sold in sets of 4 only.

3 S 6004L—Shipping weight 48 lbs. \$4 month.....Cash. Set \$21.95

2 Upholstered seat. Covered in rugged, handsome brown Duran plastic, this deep-saddle seat is further cushioned by generous foam padding. Seat measures 17x15½ inches wide. Legs stand rock-firm thanks to the double-braced, welded frame, heavy-gauge seat platform and back panel. Rubber shoes on legs prevent slipping. Leg tops are capped with plastic. Chip-resistant, beige enamel frame. Sold in sets of 4 only.

3 S 6006L—Shipping weight 50 lbs. \$4 month.....Cash. Set \$27.95

Tablet-arm Desk Chair

3 Meant for industrial or office use as well as for schools, this design simplifies study or note-taking. Large, 11½x23-inch plastic-covered-plywood arm has shaped edges...sealed, sanded and lacquered to a smooth finish. Resists scratches. Folds easily, quietly. Form-fitting steel seat is indented ¾ inches for maximum comfort. Stands 17¼ inches from floor, is 15½ inches deep. Non-tip, beige-enamel steel frame is 30¼ inches high when open. Folded, 39¼ in. long, 17¾ in. wide. Tubular steel legs are rubber shod.

Parel-edge Drafting Kit with stainless-steel edge for accuracy

\$13⁷⁷

Draw true parallel lines on this drawing board, equipped with stainless-steel straight edge that travels up or down to make line work easier, exact.

Moves by means of nylon and plastic-covered 7-strand steel cable which runs over 5 nylon pulleys under the board. Small angular changes of straight edge may be made by loosening thumb nuts at either end . . bigger angles may be made by easy adjustment under the board.

Use with thin paper or heavy bristol board . . tension is adjustable. Straight edge has tough Tenite® plastic edges.

Kit includes 20x24-inch professional-type drawing board of pine wood, bottom cleated. Highly lacquered. With carrying handle, tilt-device, 2 rubber feet and suction cups . . hold drawing board to most any surface. 8-inch 45-90° and 10-inch 30-60° Tenite plastic triangles with finger lifts. Triangles mounted on back of board.

Packed in reusable polyethylene plastic bag.

3 S 5048L—Shipping weight 7 pounds. \$13.77

Stack-tube Steel Roll Files save space

36-tube File low as

\$32⁵⁰
cash
NO MONEY DOWN

Base **\$8⁰⁰**
low as

Keep blueprints, charts, maps, etc. neat and orderly in a minimum of space. File papers easily and find them fast. Sturdy fiberboard tubes have steel rims.

Top, bottom and sides of heavy-gauge steel cabinets bolt together for secure stacking. Stand them on end, stack them vertically or use them singly. Cabinets finished in baked-on gray enamel; have label holder on outside of door, index record on inside. Choose from 8 tube lengths . . . 18 to 60 inches. All file cabinets measure 15⁵/₁₆ inches high and 15⁵/₁₆ inches wide; only lengths vary. File cabinet bases sold separately, measure 3⁵/₈ inches high and 15⁵/₁₆ inches wide, lengths vary to fit cabinets. See Shipping Note below.

All-master System makes all stations master stations

3-station Set without wire \$ **73⁹⁵** cash **NO MONEY DOWN**

Talk Pattern

Each master can talk to one, several or all others. 3 separate conversations may be held in a 6-station hook-up, as shown. Conferences among any number of masters may be held.

Highly sensitive amplifier can pick up voices across the room. And the noise and hum level is exceptionally low. Even very long talks don't tire your ears. At full 6-station capacity this system allows up to 3 separate conversations at the same time. Each master has 3 different kinds of control . . . talk-listen switch, 5 station selector slide switches and an AC on-off switch for volume control.

Masters may be called even when their power is off. Neon pilot light tells you when set is on. Powerful 4-in. alnico V speaker. Range: 1,000 ft. between farthest masters. 110-120-volt, 50-60-cycle AC-DC. UL listed for safety. Beige metal cases, 9x4½x4½ inches. Set includes 3 master units. Order wire on page 62.

- UL listed for safety
- Simple to install
- Easy to use
- AC-DC operation

Select talk pattern that saves you the most steps

Master-to-master talk pattern

Master station can call any one or all of the other master stations in this system. 11-station installation can carry on up to 5 two-way conversations at the same time without interference. Any master station can talk with another master station in complete privacy. A master station can be called even if its power is turned off.

Master-to-remote talk pattern

Master station can call any one or all remote stations in this system. Remote stations can originate calls to master station but cannot talk to another remote station. Remote stations can be either private or non-private. When non-private they can answer calls from a distance. With this talk pattern more master stations may not be added.

Note: Talk patterns show maximum stations possible with 11-station masters or 11-station master with remotes

1 Up-to-6-station Master. May be connected to a maximum of 5 other masters for a total of 6 master stations in the system; or may be connected to a maximum of 5 remotes for a total of 6 stations in the system. Built-in switch can be set for either master-to-master or master-to-remote installation. Stations may be up to 2,000 ft. apart. Master can page directly through 1 or more paging horns (sold separately . . . see page 62).

Controls: Volume control with on-off switch and pilot light, rotary station selector switch with "Standby" and "All" positions, push-bar type talk-listen switch with "Lock" (talk) position for dictation, baby-sitting, sick-room and similar uses.

Speaker: 4-in. with alnico V permanent magnet. Case finished in beautiful, rich gray color. 7 $\frac{1}{4}$ x6 $\frac{3}{4}$ x5 $\frac{1}{2}$ in. high. 110-120-volt, 50-60-cycle AC-DC. Easy-to-follow instructions included. Order wire on page 62. See Shipping Note at right.

F3 S 3426—Shipping weight 7 pounds. \$5 month. Cash \$32.95

2 Up-to-11-station Master. May be connected to a maximum of 10 other masters for a total of 11 masters in the system; or may be connected to a maximum of 10 remotes for a total of 11 stations in the system. Other features same as for (1) at left. Order wire on page 62. See Shpg. Note below. F3 S 3427—Shipping weight 7 pounds. \$5 month. Cash \$37.95

3 Remote Station. Push-bar type talk-listen switch. 4-in. alnico V speaker with permanent magnet. New TOWER 6-transistor Battery-powered Tape Recorder

- Simple, one-hand operation with push-button keyboard for record, stop, rewind and playback
- Wide-range built-in speaker
- Tapes also can be played on any standard tape recorder

Small in size yet big in performance. Less than 6 pounds light and a trim 8x9½x3 inches high, it breezes through every dictating and recording task. Use for conferences, lectures, sales talks, too.

Dual-track recording at 2 different tape speeds: 1½ and 3¾ inches per second. Up to 1 hour recording time on a single 3-inch reel of tape (included). Up to 2 hours on a 3¼-inch reel.

Dynamic microphone with stop, start control gives crisp, clear sound quality. Indicator shows proper recording level, dial tells battery power. Volume control. Safety lock prevents accidental erasure. Beige high-impact plastic case, 3¼x8x9½ in.

Save batteries . . . operate from regular house current with AC power supply sold separately below. From Japan.

Now! Here's a Dictator-Transcriber that you can operate on either batteries or house current

Truly economical

Runs on 2 rechargeable batteries (sold separately below) or 110-120-volt house (60-cycle AC) current or 12-volt auto battery (adapter sold separately below). Tapes can be erased and reused indefinitely.

Use at conferences and meetings

Record any group . . . preserve every word. Sensitive up to 35 feet, machine automatically adjusts volume level regardless of distance from microphone.

For easier transcribing

Foot-control attachment (sold separately below) lets her "back-space" at will. Also available, typewriter attachment that becomes part of her machine.

So small and compact—yet look at all it has! **\$199⁹⁵** without cash batteries NO MONEY DOWN

Convenient, all-pushbutton operation. Conference and dictation recording positions with automatic increase or decrease of microphone sensitivity. Truly portable . . . weighs less than 7 pounds without batteries.

The Conferette is a trim, compact 13x7½x3½ inches high. No warm-up period required. Built-in loudspeaker for group listening. Tape-length indicator. Fast rewind. Features fast forward and fast erase.

There is no battery drain when machine is not in use. Red signal light indicates when rechargeable batteries (sold separately below) have dropped in power from 8 volts to 6.5 volts and need to be charged. Built-in microphone storage compartment. Built-in monitor system for listening as you record. Up to 90 minutes recording time on each 3-inch reel of tape. Uses standard ¼-inch dual-track magnetic recording tape.

Rechargeable batteries (sold separately below) may be charged by merely plugging machine into wall socket. A 14 to 30-hour charge will store enough power for about 6 hours' use. When batteries are fully charged, charging automatically stops. Machine may be operated while batteries are being charged. Switching over from charging source (house current) to battery operation is done without any interruption in recording or change in sound quality.

Unit also may be powered by using a 12-volt auto battery along with special auto battery adapter cable (sold separately below).

The Conferette comes with a full-power microphone with record, playback, stop and reverse controls, tape, empty reel, cover, carrying strap. Order rechargeable batteries below. 110-120-v. 60-c. AC. From West Germany. F3 S 5970—Postpaid. (Shipping weight 9 lbs.). \$9.50 monthly. Cash \$199.95

Roberts "1057" Tape Recorder

A splendid stereophonic sound system
that gives synchronized sound-slide shows
with 35mm projector sold at right

A precision tape recorder with these professional features:

- Record and playback new FM multiplex broadcasts in stereo
- 2 separate stereo tracks allow you to record in stereo, reverse the reels, then record in stereo again *without disturbing original recording*. You get twice as much stereo recording time . . . saves reel storage space, too
- 4 separate monaural tracks let you record 4 different full-tape-length programs *on a single reel of tape*.
- You may listen to one track as you record on another track. Excellent for learning a foreign language, creating special sound effects, preparing film-show sound track, etc.
- You may record any number of times on a single sound track *without erasing previous recording*. Sing along with music, simulate barbershop quartets, etc.

With synchronizer for 35mm projector . . . without microphones and tape **\$369⁹⁵** cash **NO MONEY DOWN**

Additional features include: dual, self-contained stereo amplifiers, dual built-in extended-range stereo speakers, dual microphone inputs, dual phono/radio inputs, stereo pre-amp and external speaker outputs, 4 stereo output jacks for headsets or external speakers (sold separately at right), automatic shut-off, automatic taper lifters, edit lever, 2 VU meters, 3-digit index counter, 2 concentric volume controls.

Tape speeds: 7½ and 3½ inches per second. Measures 15x10½x13 in. 110-120-volt, 60-cycle AC-DC. Made in U.S.A. Empty reel included. Order 2 microphones for stereo recording at right. Shipped freight (rail or truck) or express. With built-in synchronizer for 35mm slide projector.

Roberts "997" Stereophonic Tape Recorder

You have complete command of *each* stereo channel in record and playback

Without tape or microphones

\$449⁹⁵ NO MONEY
cash DOWN

The Roberts "997" offers you the benefits of a truly remarkable stereophonic sound system in a single portable unit. It combines these outstanding features:

- 2 separate stereo tracks
- 4 separate monaural tracks
- Sound-with-sound (listen to one track as you record on another track)
- Record any number of times on a single sound track *without* erasing previous recordings
- Hysteresis-synchronous motor (for constant, accurate speed in any position)
- 6 stereo output jacks for as many as 6 stereo headsets or external stereo speakers (sold separately on opposite page)
- Tape speeds: $3\frac{3}{4}$, $7\frac{1}{2}$, 15 inches per second

1 The exclusive Roberts multiple adjustment head allows instant, fingertip selection of all recording and playback operations. It easily and precisely locates and aligns for stereo record/play or monaural record/play.

2 Separate channel controls for volume and tone along with separate VU recording level meters. Since each microphone and amplifier is completely independent of the other . . . you control volume and tone of *each* stereo channel. Superb professional results are yours with the "997."

Other advanced features of the Roberts "997" include: extra-fast rewind and forward speed (1,200 ft. in 124 seconds), high-quality extended-range stereo monitor speakers, professional lever-type automatic shut-off which releases pinch wheel pressure, pause lever which permits instant stops (thus simplifying both editing and setting of recording volume levels), accurate 3-digit index counter.

Dual head outputs, dual pre-amp outputs, dual-power amplifier outputs, amplifier circuits engineered for $\frac{1}{4}$ -track recording/playback specifications and requirements, professional terminal board wiring (6 watts undistorted output).

Machine will operate perfectly in either vertical or horizontal position. Interlocking controls prevent accidental erasure of pre-recorded tapes. Instantaneous start and split-second acceleration.

Specifications: Signal-to-noise ratio . . . 50 decibels below recorded "0" level. Wow and flutter . . . less than 0.12% RMS. Equalization . . . amplifier record and playback equalization based on NAB standards. Measures 20x14x9 inches. 110-120-volt, 60-cycle AC-DC. Made in Japan. Order 2 microphones for stereo recording on opposite page. Freight (rail or truck) or express.

Attention doctors, dentists!
Sonic-thesia accessory gives patient-relaxing
"white sound" (audio analgesia)

Here's how it works: Patient uses a set of special earphones. In his lap he has a control panel. As the doctor or dentist prepares for the operation at hand, the patient may throw a switch that sends beautiful, relaxing music into his ears. If the patient experiences pain he changes the switch to sounds resembling the sighing of wind and the gushing of water. This phenomenon known as "white sound" or audio analgesia is then experienced. Meets the safety standards adopted by the American Dental Association. Write Sears Personal Service Dept. for details.

Now one unit does both . .
punches papers, then binds
them with colorful plastic

Helps your business image: This machine gives your materials the professional look of a plastic binding, encouraging prospects to keep and use the materials over and over

Invites thorough reading: All pages, bound in plastic, turn easily and lie flat

Gives a fully visible edge: Keeps anything from getting lost in the binding edge

Saves space and time: One trim, fast unit punches and binds—and binds with many different sizes and colors of plastic

To punch pages: Just insert them in position and pull the handle

To bind punched pages: Just fit them on binding fingers and pull the lever

Many uses for plastic binding

Reports

Important reports—referred to again and again—stand up under constant handling when bound together durably and permanently with strong plastic binding.

Catalogs

Sheets stay fresh and neat in appearance, inviting use. And you get an extra margin: illustrations and descriptions never get hidden from sight in the binding edge.

Statements

Plastic binding adds distinction to your financial statements. Material can be assembled as needed. Sheets can be added easily. Just spread binding and slip in pages.

Presentations

Bound in attractive plastic, your presentations take on a look of high quality and prestige, get attention and keep it; helps you build your business reputation.

This sheet is an actual sample of *Our Business Stationery* Proof of the real value you expect and get from Sears

Here is your opportunity to get luxurious, textured, white inlaid business stationery . . . at Sears low prices.

Letterheads with matching envelopes . . . fine stationery to leave a lasting impression of quality.

Your stationery represents you. Fine stationery, tastefully imprinted makes a favorable impression. Doesn't it make sense to select paper and printing of excellence for your stationery?

With one of the best, as the sample shown here, you may increase your business and may help build good will with customers and prospects.

If your stationery is of good quality and appearance, your customers may gain confidence in your merchandise and service.

Why take chances? It's so easy to order, so easy to afford stationery that may boost your business, build good will. This page is an actual sample of the imprinted textured white inlaid paper you will receive.

For the best appearance, your letterhead and envelopes should be made of identical paper, printed with identical ink. This is possible only when you order them together. See how to order both on the back of this page.

LIVEN UP YOUR LETTERHEAD WITH AN ATTRACTIVE STUDIO DESIGN

Illustrate your letterhead. It helps identify your business. This means, therefore, that your business will probably be remembered longer, and be more easily identified. Choose the studio design you want. Or, for Custom-Printed letterheads send us your own design . . . we'll use it to illustrate your choice of style A or B letterhead. If you send your own design, make sure it is sharp and clear . . . suitable for reproduction.

PRICES INCLUDE STATIONERY PLUS PRINTING

All of the above prices listed include not only the cost of the stationery and envelopes, but also the cost of printing. They also cover your choice of any studio design shown, or your own design illustration, which will be used to illustrate your letterhead. When ordering Custom-Printed Letterheads be sure the design you send is sharp and suitable for reproduction.

To make your ordering easier, here is an example of how to type or print your letterhead. Enclose with your order for stationery.

Cross-Country Wholesale Grocers, Inc.
129 Roberts Road
Hometown, Ohio
Phone LAckland 7-1300

HOW TO ORDER: List the catalog number that specifies letterhead style A or style B plus regular or window envelopes. Then state studio-design number that you wish to have illustrated.

Or for Custom-Printed Letterheads enclose your own design to be used to illustrate your choice of letterhead style A or B. Be sure the design you send is sharp and suitable for reproduction.

Print or type your name, address and telephone number exactly as you wish them printed. (If ordering by phone, have salesperson spell them back.)

All orders will be shipped parcel post. Large orders will be shipped in more than one package. You pay postage from nearest mail order house. Sorry, no C.O.D. orders.

Elliott Addresserette

Prints up to 10,000 good impressions
with the same stencil!

\$113³⁹ NO MONEY
cash DOWN

A clean-cut impression every time.
Looks just like your original typing.

A cinch to file. Stencils are notched
and color coded.

- Saves time—hours of work done in minutes
- Economical—stencils only pennies apiece
- Quiet—no metallic, nerve-wracking clatter
- Efficient—it's a built-in filing system

A low-cost compact outfit that's just the ticket for small offices, clubs, stores... anyone who sends out regular monthly bills, statements, notices, booklets or brochures.

The stencils are easy to make. Anyone who types can do it. Lightweight, easy-to-handle, 1½x3 inches. Pop them into any typewriter and record the data. Type it once... that's that. You can count on crisp, black typewriter-like impressions every time. They file like index cards in their own cabinet.

Simply load the Addresserette right from the filing tray and you're ready to start. Stencils drop into place in order and you can imprint 15 to 20 envelopes a minute. Stencils move into receiving hopper ready to be unloaded directly back into their filing tray. It's as easy as that... no mess, no inky fingers. Includes: stencil conditioner, ink, typewriter clamp, file tray and 200 stencils.

Sent express prepaid from factory near Cambridge, Mass. (Shpg. wt. 25 lbs.)

carriage tabulation and control

Includes manufacturer's
Federal Excise Tax

\$494⁹⁵ NO MONEY
cash DOWN

Here's the simplified 10-key system so popular in small adders in an all-electric calculator. It can help you find out more about your business and possibly boost your operating profit.

You get 3-dial check of entries and answers . . . see every figure used in calculation plus the answer. Last figure added or subtracted is visible in top dial for reference or reuse.

Then, multiplication answers can be accumulated (or added together) automatically. You can transfer and store a multiplication or addition answer for later use as a multiplier.

And decimal points are automatically correct. Just set markers for known decimal places in entries to be made.

It's as easy as counting to 9 to multiply up to 16 digits . . . 9,999,999,999,999,999. All 3 dials stay active regardless of carriage position. Automatic tabulation stops carriage in any of 5 positions to drop unwanted figures from answer in division. Constant multiplier dials can be cleared individually or together in any carriage position. Moving parts fully enclosed for protection from dust. Metal construction. 110-120-volt, 60-cycle AC-DC. Made in West Germany. Shipped freight (rail or truck) or express.

cash DOWN

You can carry this featherweight machine home at night and keep it humming in the office all day. It does many of the things a high-cost electric calculator can do with great accuracy. Also, it will very easily do the small work of an adding machine—and does it with fantastic speed. This new Bohn electric calculator operates at an impressive 340 cycles per minute, cutting job time considerably.

It adds, subtracts, multiplies and divides by the simple and familiar 10-key system. Anybody can learn to work it in minutes. No special training necessary. Takes no more desk space than a pencil pad and fits easily into your desk drawer or briefcase. Measures just 10x7x3³/₄ inches. Even youngsters can rapidly learn to use the unit for their homework.

Costs so little that you may find it economical to put a machine in every department, and possibly one on each desk. It's no surprise to find an employee turning out much more work in a day's time than he does with a manual machine.

This one totals to 999,999,999.99 in the register at the bottom and keeps sub-totals continuously available. It figures ratios and percentages. Provides a keyboard correction key, digit pointer and an automatic decimal indicator for division. Goes on and off at a gentle touch of the motor bar. Weighs just 7 pounds.

Compact, modern styling, with a high-strength plastic body. Instructions on bottom. 110-120-volt, 60 cycle AC-DC. Made in Denmark. Express prepaid. 355877N—(Wt. 10 lbs.) \$12.50 mo. Cash \$249.00

**More than a manual adder . . .
Bohn Contex Calculator also
subtracts, multiplies, divides**

Just a few of the countless items you can
laminate safely without fear of heat damage

- Charts
- Price lists
- ID cards
- Graphs
- Presentations
- Photographs
- Business forms
- Valuable documents
- Charcoal drawings

The trouble with HOT plastic lamination

Most hot lamination methods will not produce a heavy or permanent lamination. This is because a high heat must be applied to both plastic and document which may damage certain photographs and other delicate materials. In addition, differences in paper thickness, composition and moisture content will cause wrinkles and discoloration.

Why COLD plastic lamination is better

Unlike hot-lamination methods, cold lamination is not restricted by composition or moisture content of materials. Nor is it limited by any risk of damage by heat to valuable documents or photographs. Designed to apply special pressure-sensitive plastic to materials without heat. It completely eliminates the problems of wrinkling, discoloration, scorching and imperfect bonding. It creates the exact pressure balance and proper feed to produce clean, flat, longer-lasting laminations on materials from a few thousandths of an inch to one-eighth of an inch in thickness.

Speed-Eez COLD Plastic Laminating Machine .. fastest, easiest to operate

A single start-stop switch controls the entire operation. No other controls .. no adjustments .. no warm-up. Just flip the switch and start laminating safely without fear of heat damage. It takes only a matter of seconds to get a crystal-clear lamination that will stay looking new longer.

Machine shipped to you completely assembled .. ready for immediate use. Just plug into a 110-120-volt, 60-cycle AC-DC outlet and you're ready to laminate! Plastic and supplies sold separately at right. Maintenance-free, sealed mechanism .. no oiling required. Handsome gray Royalite® plastic case. UL listed. Machines, plastic and supplies sent prepaid from factory warehouse in Chicago, Ill.

Handsome Attaché Cases

Forecast Attaché Case. Styled to meet today's travel and business needs. Constructed of tough, lightweight Titanite, this is the strongest case you can buy. Samples of Forecast luggage went on a half-million-mile trip... traveling by oxcart, pack mule and jet. But, thanks to Titanite, the samples returned as handsome looking as when they had left. Titanite is a material so mar-proof that it withstands acids, oils, scratches and scuffs.

Titanite resists bumps, buffets and even breaks. This means that you can, at last, purchase an attaché case that will give you years of dependable service. Case has desk divider, 2 file pockets, 18x14½x5 inches. *State color number 12* (charcoal gray), 24 (palomino tan), 6 (chestnut brown).

14 S 9955EH—Shipping weight 6 pounds 8 ounces\$17.47

Shop by mail . . .

by telephone . . .

at Catalog Sales Office . . . or Retail Store Catalog Sales Dept.

It's easy to shop from this catalog

Shop at home by mail . .
Take all the time you need

Simply select your business or office needs leisurely from our large assortment. No matter where you live or work, Sears is always prepared to offer you prompt and efficient service. Just fill in the handy Sears order blank and mail to your nearest Sears Mail Order House. See the next page for instructions on "How to send in your order by mail."

Shop by phone . . your order will be taken
quickly by an experienced salesperson

By phoning your catalog orders, you can actually shop in minutes instead of hours. To save even more time when you order from Sears, just say, "Charge it." See below for information.

Your Sears phone order will be delivered to your home or business, or you can pick it up at your nearest Catalog Sales Office or Retail Store Catalog Sales Department. In some metropolitan areas Sears operators take calls 24 hours a day, 7 days a week; check our Big Catalog.

Shop in person at our nearest Catalog Sales Office
or Retail Store Catalog Sales Department

Our friendly salespeople will help you to find the items you are looking for, answer your questions, write your order and fill out an application for a Sears Easy Terms Account, if you wish. You can also see our other current catalogs, and actual samples of Sears merchandise.

Shop whichever way is most convenient for you—by phone, in person, or by mail. No matter how you shop or what you buy, you will receive the same courteous service and efficient handling of your orders. Of course, Sears always guarantees your complete satisfaction or your money back.

USE SEARS EASY TERMS . . NO MONEY DOWN

It's easy to open an account. Just fill in order blank and be sure order totals \$20 or more. Then answer questions on back of order blank, sign it and mail it to Sears. If you prefer, your Sears Catalog Sales Office or Retail Store Catalog Sales Department will open an account for you. Remember, there is no down payment required on anything you buy from this or any other Sears catalogs.

It's easy to "add-on" to your open account. There's no down payment and in many instances no increase in monthly payments when you "add-on" orders to your account. Just be sure your "add-on" orders total \$5 or more. Write "Add to my account" on your order, mention your Easy Payment Account number and the Sears store that carries your account, and sign agreement on the back.

Your old typewriter is worth \$5 to \$75 in trade

First, write us a description

We will accept standard office or portable machines in trade on any model we offer in this book. A standard machine is one that has pica or elite type, has both capital and small letters, and a 9 to 15-in. carriage. To trade in your old machine write Sears Personal Service Dept. Give following information:

- 1 State make, model and serial number of your old typewriter
- 2 State length of carriage in inches
- 3 Give a brief description of the condition of the typewriter
- 4 State which machine you wish to buy

We will send you a trade-in appraisal... do not send old typewriter until you receive appraisal. Then send us old typewriter (wrapping instructions at right) and an order for a new one. We'll deduct trade-in value from price of the new typewriter. Only one trade-in permitted on sale of each new typewriter.

How to send typewriter for trade-in

Wrap carefully to avoid damage in transit... we cannot accept machines with broken bases or frames, nor a typewriter on which serial number has been removed or defaced. Use corrugated carton with protective padding... carriage should be tied. Wrap box in strong paper and PRINT name and address on the outside. Send package to us by prepaid freight (rail or truck) or prepaid express.

Send us your order for the new typewriter separately by first class mail (see addresses below)... include payment as indicated below. You may also deliver wrapped typewriter and order to your nearest Catalog Sales Office.

When writing us about an order, Include all papers, invoices and correspondence concerning the order. Give full information as to name of item, catalog number, quantity and price. Include any special information that may be required.

SHIPPING INFORMATION

How to figure parcel post charges

Packages weighing up to 70 pounds and measuring not more than 100 inches in combined length and girth can be sent by parcel post in all parcel post zones, except when mailed at a first class post office and addressed for city delivery to another first class post office.

Parcel post weight limits on packages mailed between first class post offices and addressed for city delivery, are 40 pounds to the Local, 1st and 2nd Zones; and 20 pounds to Zones 3 to 8. The size limit is 72 inches length and girth combined.

Please send enough money for postage as we must pay postage on parcel post packages before we can send your merchandise. If you send us too much, every cent extra will be promptly returned to you. You pay only exact postage.

PARCEL POST RATES

40 pounds.....	3.47	3.70	4.14	4.60	4.83	5.33
50 pounds.....	3.79	4.08	4.64	5.20	5.51	6.13

NOTE: On cash orders, if there is no freight or express agent near you, include money with your order to prepay shipping charges.

How to send in your order by mail

List all the items you want on a Sears order blank, your own purchase order form or letterhead, or any plain paper. Print or write plainly your full name and complete address, including rural route and box number if you live on a rural route. Give us the catalog number and all information asked for in the item description.

The best ways to send money are by post office money order or express money order, or by bank draft or check. It's best not to send currency, but if it is necessary, send it by registered mail.

Where to send your order. Write to the address shown nearest you: Sears, Roebuck and Co., Chicago 7, Illinois; Philadelphia 32, Pennsylvania; Boston 15, Massachusetts; Kansas City 27, Missouri; Minneapolis 1, Minnesota.

You will find tax information on the handy order blank enclosed.
Rates shown on this page are subject to change without notice.

Freight (Rail or Truck) Shipments

Freight is the most economical way to ship heavy, bulky merchandise. Freight orders will be shipped the best way—by rail or truck—unless you specify otherwise. "Best way" means fastest service consistent with economical cost.

If your order is to be shipped by rail or truck, try to build the total weight up to 100 lbs. or more, as you pay at least the 100-lb. rate on shipments of 100 lbs. or less. Charges on shipments over 100 lbs. are based on the actual weight.

Minimum charges: Rail charges on any shipment will never be less than \$4.00. On Minnesota intrastate shipments, the minimum rail freight charge is \$3.06. The minimum charge by truck will be slightly more than \$4.00, depending on where you live. Example: If you ordered a steel table weighing 200 lbs., and you live about 300 miles from shipping point, the rail freight shipping charges would be about \$4.26 (\$2.13x2). Boston customers see table below.

Merchandise	Estimated Rail Freight Rates per 100 pounds						For Chicago, Philadelphia Kansas City, Minneapolis						For Boston Mail Order House Customers					
	100	200	300	500	750	1000	100	200	300	500	750	1000	100	200	300	500	750	1000

SEARS PRICE POLICY

Prices in this book are in effect until December 31, 1963.

If the price of any item in this catalog is reduced in another current catalog, we will fill your order at the lower price and return every penny of the difference to you. Regardless of which Sears Catalog you order from, you always get the benefit of the lowest current catalog price.

Should Federal, State or Local Governments increase taxes or impose additional taxes, we reserve the right to add such taxes to our listed prices. If existing taxes are decreased or terminated, we shall adjust our prices accordingly.

Overhauled, assembled and adjusted by experts

Sears Business Stationery

Add distinction to your business correspondence with this fine-quality stationery whose rich raised printing lends impressive elegance.

This is an actual sample of the 20-lb. bond sheet with 25% rag content, imprinted with up to five lines, as on sample shown. A heavy-duty paper, it's carefully sized to a cockle finish that welcomes typewriter or pen, erases smoothly and stands up beautifully under repeated handling.

Imprinting is done in black ink. The sheets are printed in center position and the envelopes in upper front left corner, both in raised lettering. Sheets and envelopes are sold in boxes of 500 each. Order stationery plus your choice of envelopes below.

Letter Size Sheets 8½ x 11 inches. Use with large or small envelopes. Shpg. wt. per box 4 lbs. 14 oz.

F3 S 3045F—Imprinted.

Box \$10.95	2 boxes \$17.90
5 boxes \$38.75	10 boxes \$75.00

Envelopes 9½ x 4¼ inches. Shpg. wt. per box 6 lbs. 6 oz.

F3 S 3046F—Imprinted.

Box \$12.50	2 boxes \$21.90
5 boxes \$49.75	10 boxes \$97.50

TOWER Typewriter Ribbons

Ribbons for every typewriter, from hard-working office models to the family portable. Twelve famous brand names are listed, with ribbons to suit a variety of models.

These fine ribbons are made from the highest quality 320-thread long-fiber cotton. Each fiber acts as a miniature refilling ink well. Medium inking, ½ inch wide by 12 yards long on upright machines, 6 yards long on portables. Each is packed in moisture proof cellophane to stay fresh until it's used. Buy 3 and save 18%. Shipping weight each 4 ounces.

Write for items not listed

If you need business equipment not listed in this catalog, or desire listed items in different sizes, we can be of service to you. Our buyers are constantly in touch with the market and probably have some information about the item in question. Just write Sears Personal Service Department. We will answer your questions as quickly as possible.

TOWER means quality merchandise

Sears own rigid specifications give you the finest-quality materials available. And you get the outstanding workmanship of skilled manufacturers who work with Sears to develop superior construction features. Tower Business Equipment means excellent values. Whenever you see the Tower label, you can be sure this merchandise has met the most exacting requirements.
